Eye Health & Tear Stain

Tear stains ruining your dog's picture-perfect looks? Stop wiping and start helping your pup from the inside out. Combining natural ingredients like sea kelp, eyebright and marshmallow root, these once-daily Eye Health & Tear Stain chews help reduce the inflammation that lies at the root of irritated, watery eyes. While the lutein, cranberry extract, calendula and flaxseed oil help improve long-term retinal and visual function, promote strong cell membranes, and strengthen their innate resistance to pathogens. Help your dog see clearer longer, while looking irresistibly cute. Available in five sizes, each precisely calculated for different-sized dogs. Great for dogs that suffer from seasonal allergies.

Key Benefits to Keep Their Vision Clear

Helps Reduce Tear Staining

Ingredients target multiple causes of tear staining, to keep your dog's face looking irresistibly cute.

Helps Maintain Normal Eye Function & Health

A robust blend of eye health-promoting nutrients to improve your dog's overall sight and resistance to eye-related illnesses.

Antioxidant Protection

Antioxidant-rich formula helps protect your dog's eyes from the accumulative damage caused by free radicals.

Natural Antihistamine

Eases your dog's reaction to allergy-inducing histamines that result in watery eyes and subsequent tear staining.

Promotes the Body's Innate Resistance to Pathogens

A strong immune system is the foundation for your dog's ability to fight off any type of illness, eye-related or otherwise.

Helps Reduce Redness & Irritation

Nutrient-rich blend that supports capillary health, soothing any redness or irritation your dog may be experiencing.
