### Ultimate Joint Health

Are stiff and achy joints taking the pep out of your dog's step? By combining inflammation-busting ingredients like glucosamine, green-lipped mussel and turmeric curcumin, with fast-acting calcium fructoborate and hyaluronic acid, these once-a-day chews will help get your aging dog back to its old self. Ultimate Joint Health chews have been formulated to support joint flexibility and mobility, promote healthy cartilage and maintain a normal inflammatory response in dogs. Your dogs will love these meaty treats and you'll love how fast your dog is back to running around at the park. Available in five sizes, each precisely calculated for different-sized dogs.

Ultra-Premium Ingredients	Nutritionist Formulated	Properly Dosed	Made in North Carolina	40,000 Positive Brand Reviews

## Key Benefits to Keep Them Active

**Fast-Acting Ingredients**  
Formulated for fast acting relief, meaning your dog doesn't have to wait weeks to feel less aches and pains.

**Helps Maintain Joint Mobility**  
Hand-selected ingredients that help keep your dog moving by reducing stiffness and maintaining joint lubrication.

**Helps Maintain Healthy Joints & Connective Tissue**  
Promotes healthy joint and connective tissue development, enabling your dog to be more active again.

**Promotes Healthy Cartilage**  
Helps rebuild worn cartilage by promoting joint lubrication and reducing friction when joints move.

**Helps Maintain a Normal Inflammatory Response**  
Help reduce your dog's joint inflammation and stiffness, enabling it to enjoy the little movements in life that matter most.

**Helps Support Joint Flexibility**  
Eases your dog's stiffness by protecting cells, which in turn improves flexibility, oxygen flow to muscles, and circulation.
